

The Sinclair DEBACLE is exactly why millions of us protested your unfair ruling of Media Concentration a few months ago. Now we see the evil results of that one sided disaster!

Why not make them air the other movie "Going Upriver" a Pro-Kerry film as well to provide the illusion of a "Fair and Balanced" news reporting?

The Powell son and Dad will go, when we rid ourselves of the Bush son and Dad!

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
